

Holley Park Academy Year 3 Miss Hownam

We can't believe that Christmas is almost here and we have already finished the Autumn term in Year 3! How time flies! Although we are all looking forward to Christmas, we still have time to look back at the experiences we have had this term.....

We celebrated Halloween by dressing up and decorating spooky biscuits!

Throughout this term, we have also covered lots of PSHE and discussed mental health, friendships & relationships, British Values, Anti-Bullying and how we can help to save our planet by recycling.

In Science, we have investigated magnets and forces by testing the strength of various types of magnets. We attached paperclips and found out that the strongest magnet was the cylindrical magnet which could hold 68 paperclips!

In RE, we have been researching Hindu beliefs and celebrations. We found out more about Diwali, the festival of light, and made our own lanterns.

We have also taken part in a Stone Age Workshop to consolidate our knowledge of the topic. We found out how people survived in The Stone Age as well as looking at different weapons and artefacts.

In Literacy, we have been reading 'Charlie and the Chocolate Factory' and we have written our own narratives focusing on using direct speech.

We celebrated Remembrance Day by creating our own Poppies to decorate our classroom window.

In PE, we have used our teamwork skills to create our own dance routine involving 5 different moves. We have also improved our hockey and gymnastics skills throughout this term.

In Numeracy, we have been practising our 3, 4 and 8 times table to solve multiplication problems. We have also been sharing cubes into equal groups to be able to complete division number sentences.
