

Holley Park Academy Year 1 Mrs Kelters

I can't believe it is the end of Year 1 already! It has been a pleasure sharing it all with you, we have learnt lots and had fun on the way! Here are some of things we have done during the Summer term...

The Gambia

In Geography, we found out lots of facts about The Gambia, as a contrasting locality. We tasted Gambian food that is traditional to that country, made African masks and tried on some traditional Gambian clothes.

Year 1 compared our country to The Gambia including the weather, their homes, their traditions and cultures.

Our topic (based around Geography, English, History, Science and Art) has been based on The Gambia and the seaside as well as the great outdoors and weather. We have researched countries that are different to where we live. Thought about how the seaside is different now to the past. We have kept a daily weather chart and wrote our own weather forecasts!

Road Safety

This year we had some very important safety lessons from Walk Wise about how to stay safe on the roads. The children took part in sessions both indoors and outdoors to promote the rules of how to cross the rules safely.

Special Days

During the Summer term, we have celebrated lots of special days including charity events, the Summer Fair, Sports Day and of course our celebrations for the King's Coronation. Thank you for your support in each of these events, we enjoyed the days in school and the activities we took part in.

Good luck Year 1 and I hope you all have a wonderful summer break.
From Mrs Kelters
